

WARNING-There IS swearing (cussing) in this document, and it's the only EULA by SWMCA Catalogs that does! If this document applies to your download(s) then you fucked up bigtime!

ROYALTY!!! The Laws Of the United States of America require this document to include all terms offered in plain "conventional English".

For your convenience, 'Pirate English' and/or 'bootleg speak' (no offense intended but a/k/a "Harlemese") has also been added whenever possible to assist those who have difficulty with using 'conventional English'; in this color past this paragraph! SWMCA understands that either eye-patches or being drunk on moonshine can greatly impair one's reading ability. Of course the other 2 versions of "English" included are mixed. Feel lucky we're talking your language.

What download(s) this Pirates' EULA applies to-

Acquired by Auction: Does not include estate sales, liquidations of physical inventory of bankrupt/retirement closures, or court ordered auctions as long as mass distribution is not intended. The purchase or sale via auctions other than the exemptions listed must carry this EULA!

Batten down th' hatches, me hearties! Arrr! Items acquired by auction unless thayz ("they is") involvin' estate sales, liquidations 'o physical inventory 'o bankrupt/retirement closures, or court ordered auctions as long as mass distribution be not intended. Aye-aye! Ye must include 'tis EULA. yarr indeed th' purchase or sale via auctions other than th' exemptions listed must carry 'tis EULA, even if thay'be off th' cob! Touch my loot, feel my boot!

Bots/I.R.C. [Internet Relay Chat]: & unauthorized Torrent Downloads (including BitTorrent). A very popular internet protocol used extensively by those within "the piracy scene," involving professional and amateur pirates alike. Gathering is usually on servers set up to use IRC protocols and create real or sometimes even faux chat rooms on various server networks the world over. IRC is both a communication and distribution tool for pirates, as [often hard to trace] automated file servers with programs called "bots" allow for large-scale yet more hidden distribution of pirated software and/or content to the not so known end-users in various chat channels on many of the IRC networks. Sometimes "spiders" are used to lift such content, Torrents or Bit-Torrents may be used in "packing" the illegal "product". Usually this real super cheap "bargain" also un-builds equipment quietly unbeknownst to the owner until it's way too late.

Not all IRC operations are warranted for being unsavory, but more than enough are. It is not uncommon for "boiler room" IRC ops "to move [or relocate] faster than the speed of light"!

Counterfeiting. The making, distribution, or selling imitation copies that appear to be from an legitimate source. Downloads of such copies can easily "blue screen" your equipment even before it's actually installed. Even if that doesn't happen, fake look-a-likes are rarely of acceptable quality and usually give poor performance... not always immediately, but sooner than the should be considered "worn out" -if only it was genuine. SWMCA refuses all liability for

Hard-Disk Loading & Transfers: Usually done with reconditioned machines. This EULA definitely applies with all installation on machines for resale with SWMCA fonts as "OEM" unless written consent is given to include SWMCA fonts. SWMCA will normally grant OEM request for a small fee on toll fonts, or just for the asking on free ones providing you agree to pay a fee or stop future installation of a free font should it ever become a toll font.

Educational institutions have unlimited use of our Schoolhouse line as does teachers, certified homeschoolers, and any one working for or on behalf of an accredited school district, and are exempt from this EULA providing the font download is exchanged for free if they got it for free or at reasonable charge if they bought it with depreciation considered. This applies only to unaltered copies. Change of the font name or removal of copyright notice is a major alteration making this the EULA for such copies.

Non-profit institutions are exempt from this EULA within this instance as long as resells do not benefit individual employees or clients and sale does not pay stuff like restitution for an agency's wrong doings.

Alterations not affecting the font appearance or performance-

This EULA most certainly applies to these folks. In fact they're the biggest reason why this document had to be created in the first place!

In case you don't know whose being spoke of here...it's those who release our works where they may appear normal on a computer yet eat away at the unit. Some things they like doing is hacking and re-engineering computer programs to contain "goodies" such as Malware, Trojan Horses, Viruses, and the like. SWMCA Catalogs does NOT build these within it's own download offerings to make a few extra bucks. -Never have ...and never will! Such profit is valued at SWMCA, but not to the extent where we purposely slow down or destroy the computers the "land on" This also includes those who add stuff such as *Best Anti-virus* (which in itself acts like an virus),

MMinimum Price (which is hard as fuck on hard-drives & almost crashed a couple of ours), and the like to their downloaders or .exe files.

Innocent infringement-

Sometimes those with unauthorized copies may have obtained them legally. If that's you, then you can help us by giving us info on how you got your copies. Of course if you're a reseller, we must have you stop selling all infringed copies and arrangements must be made for use to have the master copy you have made your for sale copies from. For your help, you'll be furnished with legit copies, a dealer's license, and depending on your effort to stop the piracy of our downloads, maybe even part of SWMCA share or the reward if we win the lawsuit.

It has come to the attention of SWMCA Catalogs that you have made an unauthorized use copyrighted work entitled [any font download by SWMCA] a/k/a the "Work(s)" in the preparation of a work derived therefrom or plagiarized copies for sale. SWMCA has reserved all rights in all it's downloads websites and fonts comprising the Work(s), which was first published in 2012 or later on <http://swmca.com>, <http://www.swmca-catalogs.tk>, ripped from an authorized dealer, or a space allotted at fontspace or like websites for SWMCA's downloads. SWMCA has registered the copyrights of all it's creations.

You neither asked for nor received permission to use the Work as the basis for [*any uses you have for it*] nor to make or distribute copies of it. Therefore, I believe you have willfully infringed my rights under 17 USC Section 101, et seq. and could be liable for statutory damages as high as \$100,000.

SWMCA Catalogs hereby demands that you immediately cease the use and distribution of all infringing works derived from the Work, and all copies of it, and that you deliver up all unused, undistributed copies of it, or destroy such copies immediately, and that you desist from this or any other infringement of SWMCA's rights in the future. If you're willing to rob independent artists (of any type) of what is rightfully theirs or plagiarize their efforts as your own, you deserve even more swearing and insults than given and said about you in this document already, ...and NO, the luxury of keeping things short and simple just ain't happening!

FREELANCERS' UNION ADDENDUM for the EULA of all NON-UNION FONT DOWNLOADS

Effective September 5, 2014

There is a Freelancers' Union addendum for **all** SWMCA fonts. **This copy** applies for **NON-UNION** MADE products only. the one for union products has both the SWMCA and Freelancer's logos at the top. This non-union version of this addendum has ONLY a SWMCA logo at the top. By law, SWMCA can't knowingly put any union labeling on non-union products. This is the reason why two different addendums were created instead of just one.

For any download of a single font you will only get ONE of these two addendums as a part of your download. For FONT FAMILIES... (two or more individual fonts in a single download), you may get a copy of BOTH. If that is the case, this addendum copy will **ONLY** apply for the fonts **NOT SUPPLIED** WITH A UNION LABEL! The rest of the fonts will covered by the UNION product addendum. Should the Grade B union label certificate be issued in the future **it will not apply to this download or any download before the posted date.** By possessing *this copy* **you agree not to attach any union label or representation of one to it whatsoever.** This is not an union work.

Grade A Union Work:

All works done FROM START TO FINISH ON or AFTER 12:01 am Central Time, September 5, 2014 ARE union made works.
THE FONT(S) IN THIS DOWNLOAD **WITHOUT** A **GRADE A**

UNION LABEL CERTIFICATE DO NOT (and never will) HAVE QUALIFICATION FOR THIS DESTINATION!

Grade B Union Work:

Older works are to be considered union made only after they have been reworked.
How? By one or more of the following methods:

1. At least ten or more current ASCII characters that did not exist in previous editions of the font have been made.
2. A minimum of 25% of the characters have been altered.
3. Work to improve spacing and/or kerning.
4. The font had major deficiencies
(i.e. appears smaller than fonts by others besides SWMCA typed at the same size, uneven letters, etc.)
5. Had to be redone to work out bugs or remove viruses
(such as those that might crash a clients computer)
6. Was drawn earlier but never digitalized.

Grade A union seal:

CENTERED on CERTIFICATE. Only for new works on or after Sept.5, 2014!

The actual union seal (logo) will differ from the mock one shown in the samples presented here.

Grade B union seal:

Always in upper right-hand corner.

What **CAN-NOT** be considered Union Made by SWMCA

1. Fonts that were merely renamed
2. Fonts that were digitalized before September 5, 2014 but not introduced to the public until after that date.
3. Fonts SWMCA doesn't own the rights to.
4. Painted signs and previous products or services by SWMCA
(however the fonts used can later be digitalized to be union products)
5. Private fonts (those not being offered to the public with no intent to offer them in the near future).
6. Non-union fonts where only minor changes were made.
7. Pirated and counterfeit works by others labeled as SWMCA or a mimic of the name.
8. [May God graciously prevent this but:] works made after SWMCA leaves unionization (if it ever does).
9. Fonts not furnished with an official Union Label Certificate issued by SWMCA.
10. Incomplete fonts.
11. Non-digitalized fonts drawn before September 5, 2014, they can however become labeled as "union made" upon digitalization but only in the Grade B destination.
12. Fonts where the TOTAL copyright was or will be sold to non-union entities.
13. Fonts where any court of law within the United States has ordered the removal of the Union Label [only copies made on or after date of judgement].

SWMCA's "FUTURE" destination and what it is:

All works with the "FUTURE" destination are non-union works that are scheduled for major overhaul and will soon become union works. Any font or font family download given the future destination will be given a Grade B union labeling upon the completion of the overhaul. In this case, once the certificate is included, it only applies to the downloads made AFTER the posted date and only applies for the fonts listed.

Although the actual union mark appears, it is in inverted colors. The notification of this destination will appear at or nearest the point of download or along with the font samples on websites or within advertizing for the particular font(s). It is ILLEGAL in the United States and most other nations to alter this label. Unless you're a member of the Freelancers Union, you DO NOT have permission to reproduce this notification and if caught are subject to prosecution and restitution to the fullest extent allowed by law! You may be prosecuted in more than one jurisdiction as all union related designs and materials associated with SWMCA [including even the addendum you're reading now] are copyrighted not just by SWMCA, but by the Freelancers Union as well.

SWMCA Catalogs

Kansas City

This is NOT a union-made font
and prior versions aren't either.
They never will be!

A major overhaul of this
font has been scheduled
and is either in progress
or will be soon. Upon the
completion of this task...
the resulting replacement
and all future revisions
legally can and WILL be
furnished with a official
Union Label certificate.

Other Unions:

SWMCA Catalogs is proud to now be organized by the Freelancers Union. As long as SWMCA has at least one employee (counting even the founder), all workers have the right to organize and vote to pursue a bargaining agreement with any union that will accept them. By law SWMCA Catalogs can not demote, suspend, or fire any employee for joining a labor union, and wouldn't even if it could. Therefore SWMCA workers may organize to be represented by additional workers' unions. In this case additional addendums may be written and added to cover those unions or a new one replacing this one could be made to accommodate all unions representing those employed by SWMCA. It is however the members' responsibility to pay union dues and remain in good standing with the union they choose.

"Copy-cat" Works (Imitation Jobs, Reworks, and Reincarnations):

Only works done TOTALLY by SWMCA or it's contractors can include any SWMCA Union Label Certificate for SWMCA downloads. Only members or those operations organized by this (or any other labor union) can use this union's marks or incorporate them in their own designs and works. This part of the addendum will apply even to any works which SWMCA is not the original author (except when the work was gifted or commissioned by SWMCA). In the case of imitation (fake), counterfeit, etc. versions of SWMCA's downloads the NON-UNION version of this addendum applies...and there's also an EULA just for these works. In the case of reworked (altered) fonts based off of SWMCA fonts and works abandoned by SWMCA the NON-UNION addendum applies unless a unioned firm is doing the work, only then can they use union labeling. SWMCA must be credited for creating the base font used to form any works that are authored by others regardless of the circumstances for any works based on SWMCA fonts. This is true even if characters are borrowed from other fonts not by SWMCA in which case those artists are expected to be given credit as well. New fonts made by the imitation or alteration of a SWMCA font that's union made does not qualify the "new" work as "union made" unless the one doing the work is a bonafide union member.

Licensees and Resellers:

This extension of your EULA(s) contain some terms not normally in this kind of document. Because of the nature of the product SWMCA sells and the graphics industry, the extra stuff normally found in business contracts has been added. This is so areas not covered by off-the-shelf forms that are concerns can be addressed. Depending on your intentions for you download, some of these items may not be applicable for your use. The desire is to make sure "everyone's on the same page". SWMCA is now a unionized firm. This means that it not only have a duty regarding it's own reputation, but also has an huge obligation to protect that of the Freelancers Union and it's members as well. All those who work for or act on behalf of SWMCA Catalogs are expected to conduct business affairs in a dignified manner with other involved firms be they unionized or not. They're expected to work together so the customer is happy with the end product. Nobody can please everyone, but everyone can try to please as many as possible. Fellow workers and/or contractors, the Freelancers (or any other future unions), the general public; and yes even the competition, is expected to be treated in a civilized manner with all their

dealings involving SWMCA. While SWMCA is Christian owned, all who have business affairs involving SWMCA are expected to treat everyone with the same courtesy and fairness even if their choice is not to ever choose Jesus as long as they live. SWMCA is NOT in the business of playing judge and jury or being the morality police. It is true that SWMCA can't tell you with assurance that you'll have salvation or the joy of everlasting eternal life without the Lord Jesus, but still hopes to have your business. SWMCA strives to treat everyone encountered like the humans with [real feelings and ideas] that they are no matter what they choice to believe in spiritually.

Marriage-Domestic Partnerships-Long Term Loves:

For the sake of benefits, contests, etc. SWMCA considers any marriage or domestic relationship recognized by the Federal Government (USA) or the United Nations to be valid in most cases. An on-going relationship of 5 or more years with no more than a 120 day split is also considered as de facto married regardless of if it's actually legally common law or not. This also includes those declaring themselves as sovereign.

The exceptions to the above statement are spouses under 18 (which eligibility will start upon that age), forced relationships (including "shotgun weddings"), relationships with substantial domestic violence or other dangers to any spouse, their offspring, or their family and friends.

Discrimination Issues:

The *Equal Employment Opportunity Commission (EEOC)*; an agency of the U.S. Federal Government prohibits the following forms of discrimination:

Age, Disability, Genetic Info, Nationality, Gender, Pregnancy, Ethnic Race, and religion.

SWMCA prohibits all of these types of discrimination in it's dealings with suppliers, vendors, employees, and helping the consumer in addition to the following ones;

LGBT/Size and Weight Discrimination and other "legal" prejudices:

Included is one of the newest forms of discriminatory practices: Lifestyle Discrimination

Lifestyle discrimination is firing people based on purchases (like cigarettes & liquor), and activities done outside of company time and not using their property. Other forms of discrimination prohibited in SWMCA's operations, are the additional ones listed in addition to that against people based on income/neighborhood location, immigration status except to the extent required by law, sunbathers (nudists), swingers/current or former sex workers, substance use (providing it's not done using company property or

time), and felons who were wrongly accused and it's been proven in the courts; along with petty crimes such as possession of weed (marijuana); providing they didn't cause extreme loss of someones life or endangerment of people against their will, being vegan or a "hippie", and veterans (regardless of military status)! Bullying is strictly prohibited by this enterprise!

SWMCA has very little patience for those engaged in such practices! Contractors that are caught promoting or engaging in such practices should consider their contract(s) - ***every last one*** of them- as **TERMINATED; effective immediately!** It makes SWMCA look terrible and the clients/employees who depend on this engagement; along with unions organizing to keep SWMCA on the right track and an respectable institution, look even worse. If you're an employee of SWMCA engaged in any such practices, please write and sign your resignation letter right now! This enterprise would much rather see you leave on your own than to end up firing you on the spot when it's discovered. NO KIDDING!

Right to Work:

SWMCA Catalogs font foundry considers Right to Work to be a rip-off to employees, their families, and worst of all the community. SWMCA usually doesn't need to do most business from firms doing Right to Work tactics and tries to avoid using them at all costs!

Scab Workers:

SWMCA does not break up labor dispute pickets. We have zero tolerance for those who hire scab works. We don't do dealings with those who do...at least not and know it. If they do have relations with SWMCA, they won't for long if it's ever discovered. Ya can bet SWMCA will also try real hard to get you on every single union and labour dispute boycott list we possibly can for using "scabs"-not just with the Freelancers Union. No matter what you believe, we have the freedom to do commerce and sell a lot more freely in the United States, it's territories, and with select allies than in most other countries on Earth. The labor movement and unions do a splendid job of making sure that it stays that way. You just can't argue against that no matter how you feel!

Sweatshop Operations and Child Labor

Same as those using scab labor [see above]. In addition to that we'll probably turn you

in to authorities. As a Christian Owned operation, there's NO WAY a blind eye can be turned away from victims suffering in sweatshops! That also applies to all those who dare employ child labor -and for them even more so. SWMCA believes in offering fair cheap prices for you to have a quality download done to the best of it's capability.... BUT **NOT THAT** CHEAP! No amount of money or savings of it is worthy of any human sacrifice and **SWMCA won't put up with it** from any agents, vendors, or suppliers! In nations or areas when no regulations exist regarding child labor and/or sweatshop conditions, SWMCA will turn to and work with international activist groups to make sure you're exposed if your practices includes these misdeeds to the widest audience that's possible. If you wouldn't work in those conditions, please don't have any of your employees doing it either.

Temp Workers and the Homeless:

Temp workers and homeless people if given a chance are hard workers. SWMCA tries hard to deal with only respectable dealers, suppliers, and contractors. They are [both] **expected and [really] are demanded to use *the same pay scales for these workers*** as regular employees in regards to temp and homeless employers. Sometimes it may be best employees of all types including these listed, to be handed their "walking papers". Firings and exit interviews are to be done in a humane and dignified manner. Contractors firing folks or ending jobs merely to halt advancement of the individuals or in efforts to retard or eliminate union representation will be promptly fired by SWMCA and replaced once such actions are revealed!

Guinea Pigs and Animal Testing:

It is understood by SWMCA human guinea pig studies are need to determin how safe drugs, foods, and cosmetics actually are for human use. Animal testing is need to determine which veterianarian surgeries are dangerous and how products enrich or further harm the wellness of our pets. The problem SWMCA has is with unnecessary use to guinea pigs and animal testing merely to speed approval for marketing products or of woo customers away from the competition with bragging right on offering a "safer modern product"...largely due to corporate greed. Close to 70% of human guinea pig use and animal testing is for those two purposes or for product elevation. Even if the percentage is far less it's disturbing and too close for comfort with SWMCA Catalogs. It's prohibited for those type of reason with all who do business with or on behalf of SWMCA.

Enviromental Issues:

Sustainable energy use (solar and wind), recycling, upcycling, Low emmision vehicles, natural and hemp products, historic preservation, and adaptive reuse are all pluses with SWMCA. While can't always afford to do these, SWMCA makes an sincere effort to. When SWMCA can afford it, bids from firms engaged in one or more of these practices along with firms organized with a union and non-profits will get first consideration with our purchasing.

Termination of Contract with the Union:

SWMCA plans to be a member of the Freelancers Union as long as both exists be it in current form or as a successor. In the event that SWMCA has to leave this union for any cause or chooses to, the Freelancers Union still has the right to enforce this addendum for all downloads eligible for this non-union made addendum available in 2012 up until the date the relations ended, for union products (none before September 5, 2014) all downloads after the mentioned date until the date relations ended. Any downloaded font without a union label certificate issued by SWMCA is enforced by this document. Because this is a addendum to your existing EULA(s), it applies in full force even if it wasn't furnished with your original download.

Cease of Operations:

Should SWMCA be sold off or ever closes; be it temporarily or going out of business for good, this contract can and will still be enforcable either by it's successor if their is one, the Freelancers Union [or anyone they authorize], or a newly created enitivity whose sole function is to deal with such affairs and/or control SWMCA Catalogs' property after it winds down it's operation. It need not be incorporated.

The Freelancers Union logo & labeling with it's usage:

By possession of this download, you agree not to reproduce or use the logo or labeling of the Freelancers Union, or create your own unless you actually belong to this union except that the union gave you prior written consent. If you are a member of this union, you agree not to use those images just described on abstracts. For the sake of this agreement, an abstract is described as experimental works destined to be destroyed, satire, and non-union works. NO!...YOU DO NOT HAVE PERMISSION TO ADD UNION LABELS to ANYTHING PRODUCED BY SWMCA! Only SWMCA Catalogs has

that authority!

By using a SWMCA font, you agree to the most current EULA for every download in addition to the following:

- You are not to distribute SWMCA fonts unless you are an authorized dealer or an contractor of one approved by SWMCA (including even the free ones).
- You are not to make replicas or clones of any of SWMCA's fonts, websites, or other works without prior written consent of SWMCA Catalogs, regardless of if they're branded as "SWMCA" or not. The sole exception is the free guides that SWMCA provides. While you may copy as many as you want, you may not alter the guides or add to them without consent. Anything offered for free by SWMCA can only be handed down or traded as free. Yes, you can resell computers with SWMCA free fonts on them at any price you choose, but you can not sell them as online downloads, on disks, as a part of unapproved compilations or collections, and you get the drift. Everything provided by SWMCA regardless of price or the lack thereof along with it's websites and advertizing is copyrighted.
- Except for a reasonable sample [by authorized dealers and agents only] for demo or promotional purposes only, works by SWMCA are not to be reproduced by any means, method, or device from the past, existing now, or yet to be invented, except for the advice guides on SWMCA's main website which are provided for this purpose (remember they are still copyrighted) or use as mandated by the fair use doctrines of where they're being used. If that area or nation has no specific law in regards to this, the one(s) of the United States Government applies.
- You agree not to reverse engineer SWMCA fonts or add to them any malware, viruses, trojan horses, bugs, or anything else [including program(s) or code(s)] that may cause known damage and/or inconvenience, poor performance, or computer crashes to the end user(s). Such practices not only harms SWMCA, but are causes

- damage to the reputation of the Freelancers and other unions. It also discourages the public from purchasing union made or offered provisions -including those not presented or manufactured by SWMCA. JUST DON'T DO IT!
- All tradenames, logos, trademarks, quotes, etc. in this document or that contain or use SWMCA fonts are property of their perspective owner(s)... be they officially registered for protection or not. This shall always be true worldwide.
- Every user of SWMCA fonts has their own mind, thoughts, beliefs and points of view. Because of this- neither SWMCA nor the Freelancers Union can endorse nor condemn; neither the wording using SWMCA fonts, nor where it might appear. The same goes for, ideas, products, or services recommended or discouraged using SWMCA fonts. All advice or persuasions are the opinion and are the sole responsibility of the user, their client(s), [or if it's a work for hire] their employer(s).
- SWMCA along with the Freelancers Union does not own the intellectual property or any other rights of any work(s); using SWMCA fonts, other than for what they either produce in-house, have commissioned, or is gifted to them.
- Neither SWMCA Catalogs nor the Freelancers Union can control the media or equipment the download(s) is (or are) acquired from, saved on, or ultimately installed on/or in. Therefore these mentioned parties offer NO WARRANTY at all. It's "as-is" and WYSIWYG [What you see is what you get]. Vendors along with most authorized distributors have the option on if to offer a warranty or not. If there is one, such liability is theirs and all refund request or claims should only be made to and handled by them.

- In disputes involving parties within the USA, Kansas City and/or New York City courts should be used if at all possible, unless all parties agree to the contrary.
- In the case of international disputes (outside the USA) they should be litigated and settled within facilities on the soils of the United States of America unless all parties involved agree otherwise.

Enforcement:

In the event that any part(s) of this addendum are or become in the future unlawful or against the regulations of the Freelancers Union, all other terms remain fully valid and legally binding. Violations or infringements of this agreement can be handled either by SWMCA or the Freelancers Union (or both) at any court of their choice or by arbitration (OUR CHOICE). In the case of dealers, agents, and, distributors or the like... either SWMCA and/or the Freelancers Union have the right to file a class action lawsuit if felt so warranted on behalf of our clients or in the case of the union, "membership".
